CONTENTS OF No. IX.

ART. PAGE

I. TENERIFFE.

An Ascent of the Peak and Sketch of the Island. By Robert Edward Alison. Illustrated 1

II. THE CATTLE PLAGUE 24

III. ON THE RECURRENCE OF SPECIES IN GEOLOGICAL FORMATIONS. By A. C. Ramsay, F.R.S. 33

IV. SYNTHETICAL CHEMISTRY.

1. On the Synthesis of Organic Bodies. Lecture at the Royal Institution of Great Britain, February 12, 1864. By J. A. Wanklyn.

2. On Recent Chemical Researches in the Royal Institution. Lecture at the same Institution, June 3, 1864. By Edward Frankland, F.R.S.

3. On Researches in Organic Chemistry in the Royal Institution. Lecture at the same Institution, June 9, 1865. Same Author.

4. On Animal Chemistry. A Course of Six Lectures at the College of Physicians. By William Odling, M.B., F.R.S. Especially Lecture 5, reported in the 'Chemical News' of Sept. 8 and Sept. 15, 1865 34

V. ANTHROPOLOGY.

1. Lectures on Man: his Place in Creation and in the History of the Earth. By Dr. Carl Vogt. Edited by James Hunt, Ph.D. London, 1864.

2. The Plurality of the Human Race. By Georges Pouchet, M.D. Translated and edited by H. J. C. Beavan. London, 1864.

XUM

ART. PAGE

3. Memoirs Read before the Anthropological Society of London. Vol. I. 1863–4. London, 1865.

4. The Anthropological Treatises of Johann Friedrich Blumenbach. Translated and edited by Thomas Bendyshe, M.A. London, 1865 . . 43

VI. THE PROGRESS OF ZOOLOGY.

The Record of Zoological Literature, 1864, Vol. I. Edited by Albert C. L. G. Günther, M.A., M.D., F.Z.S., &c. London: Van Voorst, 1865 . . . 47

VII. THE ORIGIN AND ANTIQUITY OF MAN. Illustrated.

1. On the Occurrence of Stone Implements in Lateritic Formations in various Parts of the Madras and North Arcot Districts. By R. Bruce Foote, of the Geological Survey of India. With an Appendix by William King, jun., B.A., of the Geological Survey of India. Madras. 8vo. 1865.

2. On the Asserted Occurrence of Human Bones in the Ancient Fluviatile Deposits of the Nile and Ganges; with Comparative Remarks on the Alluvial Formation of the two Valleys. By the late Hugh Falconer, M.D., F.R.S., For. Sec. G.S. Quart. Journ. Geol. Soc., vol. xxi., pp. 372–389.

3. Researches into the Early History of Mankind, and the Development of Civilization. By Edward Burnet Tylor. 8vo. London: Murray, 1865.

4. Prehistoric Times; as Illustrated by Ancient Remains and the Manners and Customs of Modern Savages. By John Lubbock, F.R.S., V.P.L.S., F.G.S. London: Williams & Norgate. 8vo. 1865 54

VIII. HOFMANN AND MODERN CHEMISTRY.

Introduction to Modern Chemistry, Experimental and Theoretical; embodying Twelve Lectures delivered in the Royal College of Chemistry, London. By A. W. Hofmann, LL.D., F.R.S., &c. . . . 61

CHRONICLES OF SCIENCE AND PROCEEDINGS OF LEARNED SOCIETIES.

ART. PAGE

I. AGRICULTURE 77

II. ASTRONOMY, and Proceedings of the Royal Astronomical Society 78

III. BOTANY AND VEGETABLE PHYSIOLOGY 82

IV. CHEMISTRY, and Proceedings of the Chemical Society . 86

V. ENTOMOLOGY, and Proceedings of the Entomological Society 90

VI. GEOGRAPHY, and Proceedings of the Royal Geographical Society 93

VII. GEOLOGY AND PALÆONTOLOGY, and Proceedings of the Geological Society 100

VIII. MINING, METALLURGY, AND MINERALOGY. Illustrated . 108

IX. PHYSICS—LIGHT, HEAT, ELECTRICITY 117

X. ZOOLOGY AND ANIMAL PHYSIOLOGY, and Proceedings of the Zoological Society 126

ANNUAL RETROSPECT 133

QUARTERLY LIST OF PUBLICATIONS RECEIVED FOR REVIEW . . 148

CONTENTS OF No. X.

ART. PAGE

I. DARWIN AND HIS TEACHINGS. Illustrated . . . 151

II. CONSIDERATIONS ON THE LOSS OF THE 'LONDON.' By William Fairbairn, C.E., F.R.S., &c. . . . 177

III. SEWAGE AND SEWERAGE.

1. First Report from the Select Committee (Dr. Brady's) on the Sewage of Towns, together with the Minutes of Evidence and Appendix. Ordered by the House of Commons to be printed, April 10, 1862.

2. Second Report from the same Committee. Ordered by the House of Commons to be printed, July 29, 1862.

3. Report from the Select Committee (Lord Robert Montagu's) on Sewage (Metropolis), together with the Proceedings of the Committee, Minutes of Evidence, Appendix, and Index. Ordered by the House of Commons to be printed, July 14, 1864.

4. Third Report and Appendices of the Commission appointed to inquire into the best Mode of Distributing the Sewage of Towns and applying it to beneficial and profitable Uses. Presented to both Houses of Parliament by command of Her Majesty. 1865.

5. The Present State of the Town Sewage Question. By Gilbert W. Child, M.D., of Exeter College, and Physician to the Radcliffe Infirmary, Oxford. Oxford and London: John Henry & James Parker. 1865.

XUM

ART. PAGE

6. General Report of the Commission appointed for Improving the Sanitary Condition of Barracks and Hospitals. Presented to both Houses of Parliament by command of Her Majesty. 1861.

7. A Manual of Practical Hygiene, prepared especially for Use in the Medical Service of the Army. By Edmund A. Parkes, M.D., F.R.S. London: John Churchill & Sons, New Burlington Street. 1864.

8. The Sanitary Management and Utilization of Sewage. By William Menzies, Deputy Surveyor of Windsor Forest and Parks. London: Longman & Co. 1865.

9. National Health and Wealth. By the Rev. H. Moule. 1861. (Pamphlet.)

10. Memoir on the Cholera at Oxford in the Year 1854, with Considerations suggested by the Epidemic. By Henry Wentworth Acland, M.D., F.R.S., &c. London: John Churchill, New Burlington Street; and J. H. & J. Parker, 377, Strand. Oxford: J. H. & J. Parker. 1856.

11. Seventh Report of the Medical Officer of the Privy Council, with Appendix. 1864 180

IV. ON THE ANTIQUITY OF THE VOLCANOS OF AUVERGNE. By Charles Daubeny, M.D., F.R.S., Professor of Botany at the University of Oxford. Illustrated . . . 199

V. ON THE LARYNGOSCOPE, AND SOME OF ITS PHYSIOLOGICAL REVELATIONS. By Cornelius B. Fox. M.D. Edin., M.R.C.P. Lond. Illustrated 217

VI. COMPARATIVE PHILOLOGY AS INDICATING THE ANTIQUITY OF MAN. By David Parkes, President of the Sheffield Literary and Philosophical Society 224

VII. ON CELL LIFE. By Dr. A. Fick, Professor of Physiology and Zoology, Zurich University 235

CHRONICLES OF SCIENCE AND PROCEEDINGS OF LEARNED SOCIETIES.

CONTENTS OF No. XI.

ART. PAGE

I. THE MORTALITY OF LIVERPOOL, AND ITS NATIONAL DANGER 311

II. THE NEW IRON-FIELDS OF ENGLAND. By Edward Hull, B.A., F.G.S., of the Geological Survey of Great Britain 323

III. ON THE HABITS AND CONDITION OF THE TWO EARLIEST KNOWN RACES OF MEN. By W. Boyd Dawkins, M.A. Oxon, F.G.S. 333

IV. SCIENCE AND CRIME. The "Mountain Ash" Murder . 347

V. BRITISH VOLCANIC ROCKS.—HINTS TO HOME TOURISTS. By Archibald Geikie, F.R.S. 351

VI. DE LA RUE AND CELESTIAL PHOTOGRAPHY . . . 358

VII. GEOLOGICAL MAPS: THEIR RELATION TO AGRICULTURE AND COAL-SUPPLY.

1. A Geological Map of England and Wales. By G. B. Greenough, Esq., F.R.S. (on the basis of the Original Map of William Smith, 1815). New edition, revised and improved, under the superintendence of a Committee of the Geological Society of London, from the Maps of the Geological Survey of Great Britain, 1836–63, and Maps and Documents contributed by Sir R. I. Murchison, Professor Phillips, Joseph Prestwich, R. A. C. Godwin-Austen, and others. Six sheets. Scale, nearly six miles to one inch. Published by the Geological Society, July, 1865.

ART. PAGE

2. Geological Map of England and Wales. By Andrew C. Ramsay. Third edition. One sheet. Scale, twelve miles to one inch. London: Stanford, 1866.

3. First Sketch of a new Geological Map of Scotland. By Sir R. I. Murchison, Bart., K.C.B., F.R.S., and Archibald Geikie, F.R.S.E., F.G.S. One sheet. Scale, twenty-five miles to one inch. London, 1861.

4. General Map of Ireland, to accompany the Report of the Railway Commissioners, showing the principal Physical Features and Geological Structure. Geologically Coloured by Sir R. I. Griffith, Bart., LL.D., in 1855. Six sheets. Scale, four miles to one inch. London and Dublin.

5. Geological Map of Ireland, to accompany the Instructions to Valuators appointed under the 15th and 16th Vic., cap. 63. Reduced from the large map of 1855. Scale, about seventeen miles to one inch.

6. The Geology of the Country round Stockport, Macclesfield, Congleton, and Leek. Explanatory of Quarter Sheets, 81 N.W. and S.W. of the Map of the Geological Survey of Great Britain. By Edward Hull, B.A., F.G.S., and A. H. Green, M.A., F.G.S. London, 1866 372

VIII. On a Temporary Outburst of Light in a Star in Corona Borealis. By William Huggins, F.R.S. . 376

CHRONICLES OF SCIENCE AND PROCEEDINGS OF LEARNED SOCIETIES.
